

Gateway to Science Program Proposal

Thank you for your interest in Gateway to Science's programs. We are continually looking for new ideas and program leaders that inspire and educate children using innovative, fun, and hands-on activities. Use this form to propose your own idea for a program that you'd like to lead. We'd love to hear from you!

Please tell us about yourself.

Name: _____

Mailing Address: _____ City: _____ State: _____ Zip: _____

Work Phone: _____ Home Phone: _____ Cell (optional): _____

Place of Work: _____ Occupation: _____

Please tell us about the program you are proposing.

Topic: _____

What grade range is appropriate for the program you are proposing? _____

Program Description (Please include examples of potential hands-on activities.):

Do you envision this as a half-day (3 - 4 hours per day) or a full-day (up to 8 hours per day) program? _____
If half-day, would you prefer the morning, afternoon, or either? _____

Would you like to lead this program in the Frances Leach High Prairie Arts & Science Complex (where Gateway to Science is located), or at another location? If at another location, please specify:

How many days would the program run? _____
(Please note that programs on location at High Prairie are typically limited to 5 days or fewer.)

What is your estimate of expenses for supplies, assuming a full program of 15 children? _____

What dates would you be available to lead this program? (Please consider summer and winter breaks, as well as holidays throughout the school year.)

Submit this form to: Gateway to Science, 1810 Schafer Street, Suite 1, Bismarck, ND 58501.

Gateway to Science will be in contact with you regarding this proposal.
Please feel free to contact us with any questions at 701-258-1975 or gscience@gscience.org.
