## New Prototype Exhibit in Gallery

Six new prototype exhibits are now on display at Gateway to Science. The exhibits, developed by the Science Museum of Minnesota, are in various stages of development. We invite our guests to provide feedback before the final exhibits are completed for the new gallery. The exhibits include a 21-foot racecar track; new solar car; vein viewer; test your reaction exhibit; bridge building challenge; and, new Bernoulli exhibit.

## New Exhibit Preview for Members

**Saturday, January 19th**

Gateway to Science members (including employees of our corporate members) are invited to an exclusive preview of our new exhibits on Saturday, January 19th from 9 to 10 a.m. We'll have coffee, juice, and donuts to celebrate. Don't miss it!

## Winter STEM Spectacular

**Saturday, January 26, 1-4 p.m.**

Join us for our quarterly STEM Spectacular with hands-on activities for all ages. We are excited to partner with Central Dakota Children's Choir to explore the science of sound. Activities will also include Google Expeditions virtual field trip, LEGO bridges, marble zip line, articulated hands and CPR dummies. Exclusive preview for Gateway to Science members from 12:30-1 p.m. All STEM Spectacular activities are FREE. The regular Gateway to Science exhibit gallery will also be open. Gallery admission for non-members is \$5/person during this special event.

## STEM Adventure Club Begins January 29

**Tuesdays, 4:00 - 5:15 p.m.**

A new session of STEM Adventure Camp at Gateway to Science kicks off on Tuesday, January 29, at 4 p.m., and runs through March 26. The camp is open to students in grades 1 through 5.

Participating youth will be inspired to explore STEM with fun, hands-on activities and will build 21<sup>st</sup> century skills (i.e., critical thinking, communication, collaboration and creativity) and self-efficacy. [Registration](#) is open through 12 noon on Friday, January 25.

---

## Off-Site STEM Adventure Club Outreach

**Funded by Verizon Grant**

Thanks to a generous grant from Verizon, Gateway to Science will pilot an off-site STEM Adventure Club at Jeannette Myhre Elementary School in Bismarck. As a part of the MREC Extended Schol Program, we will offer 10 afterschool sessions of STEM Adventure Club to students in grades 3-5 beginning January 23.

---

## STEMzone events held across North Dakota

STEMzone leapt into the new year with four events in January. STEM Leader Janet Rosario traveled to Underwood, Wahpeton, Standing Rock, and New Town Middle School for events in January; she will be holding a STEMzone event in Hebron February 1.

If you would like more information about STEMzone or are interested in bringing STEMzone to your organization, please contact Janet at [janet@gscience.org](mailto:janet@gscience.org) or (701) 258-1975 or [request a STEMzone event](#) for your organization.
