Groundbreaking celebration

October 7, 2019 was an exciting day for Gateway to Science, the Bismarck-Mandan community, and the state of North Dakota. We gathered at the site of the new Gateway to Science building to celebrate the halfway point in our effort to build a new facility, and to break ground for the project.

Board president Jason Anderson greeted those gathered and introduced those who offered remarks: Capital Campaign Co-Chairs Mikey Hoeven and Kathy Neset; Andrew Malloy representing U.S. Senator John Hoeven; Rick Collin representing U.S. Senator Kevin Cramer; and, Gateway to Science Executive Director Beth Demke.

Special guests at the groundbreaking included Kay Koch,

Are you a member of a service club or association?

Gateway to Science staff members are available to bring a presentation to your service club, association, or other community organization. These presentations are an excellent way to connect with the community about what Gateway to Science is doing locally and through outreach, as well as the capital campaign and new building project.
