2021 STEM All-Star Students Selected
Six standout students selected from nominations by teachers

Bismarck ND – The Bismarck Larks, MDU Resources, and Gateway to Science have teamed up to bring STEM education (Science, Technology, Engineering and Math) to the baseball field. Each year, students in grades 1-12 attending North Dakota schools are eligible to be nominated by their teachers, and six are selected as STEM All-Stars.

The 2021 STEM All-Star students are:

- Kallen Albers – 6th Grade – Center-Stanton Elementary School
- David Bettenhausen – 4th Grade – Myhre Elementary School (Bismarck)
- Braden Ficklin – 8th Grade – Mandan Middle School
- Kiara Irizarry – 7th Grade – Mandan Middle School
- Mackenzie Johnson – 12th Grade – Century High School (Bismarck)
- Lydia Wolfe – 7th Grade – Mandan Middle School

Visit www.gatewaytoscience.org/stem-allstar to learn more about each student and what makes them STEM All-Stars.

The 2021 STEM All-Stars will be recognized at STEM Night at the Ballpark on Saturday, August 7th. Each student will receive:

- Personalized Larks jersey
- (4) tickets to the August 7th game
- Recognized in the game day program
- On-field recognition during STEM Night
- A Gateway to Science one-year student membership

The first 25 students nominated will receive two tickets to the STEM Night game on August 7th, courtesy of MDU Resources.

A STEM Expo will be held from 11 am to 2 pm on Saturday, August 7, and is open to the public. The Expo will feature a variety of hands-on STEM activities hosted by the Larks, MDU Resources, and other local businesses.
