Summer Camp

Einstein on Wine set for November 18

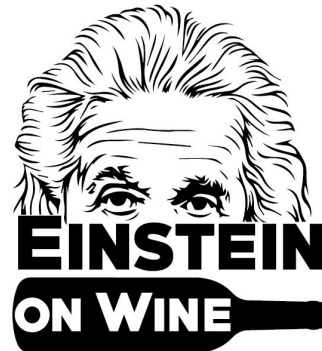

Reserve your table today

Our signature annual fundraiser, **Einstein on Wine**, is scheduled for **Friday, November 18, 2022** in the Bavendick State Room at Bismarck State College.

A social hour will begin at 6 pm with dinner and the program at 7 pm. Join us for an evening of delicious food and beverages, fabulous auctions, fellowship and fun in support of North Dakota's Gateway to Science.

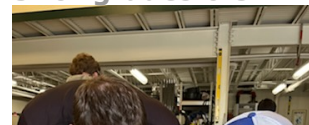

Reserve your table at gatewaytoscience.org/einstein. Individual tickets (\$75) will go on sale on October 3.

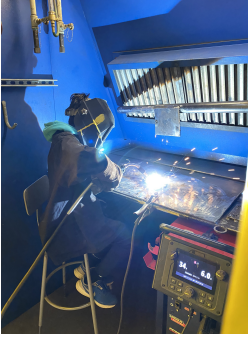

Interested in donating an auction item? Contact Lesley Icenogle at 701-258-1975 or lesley@gscience.org. We are grateful for our generous community!

A successful summer of STEM camps

11 camp weeks for grades 1-5; 3 for grades 6-9

259 children from 207 families attended North Dakota's Gateway to Science camps this summer.

STEM Adventure Camp for grades 1-5 saw 211 students over 11 weeks. Some campers attended one week and others joined us multiple weeks.

Three weeks of STEM Camp for grades 6-9 were attended by 48 different students. The middle school camps offer more career exploration in focused areas. This summer's middle school camps were held at the BPS Career Academy, DCN (technology focus), and Ducks Unlimited (environmental science focus).

All of our summer camps include activities led by guest presenters from businesses, organizations, and public offices in our community. We thank all of these STEM professionals who took the time to be a part of our camps and share their expertise with our campers.

What do children gain from NDGTS summer camps (and other programs)? Read [A Parent's Perspective](#) for one parent's answer to that question.

Register for fall programs

STEM Club, Girls Who Code, Mini-Camps

Calendar of Events

September 7 & 10:
Preschool Discovery Hour
Great Ball of Fire (The Sun)
