

STEM SUMMER CAMP INSTRUCTOR

25-40HRS/WEEK

ARE YOU OUR NEXT STEM SUMMER CAMP INSTRUCTOR?

Join us this summer and help ignite curiosity, foster creativity, and make STEM exciting for students! At North Dakota's Gateway to Science, we provide hands-on STEM activities and an engaging environment for grades 1-9. Our summer camps provide the perfect opportunity for anyone looking to inspire the next generation of scientists, engineers, and innovators! We're looking for a passionate STEM Summer Camp Instructor to guide our campers through a fun, memorable, and educational experience.

WHAT IT LOOKS LIKE

Instruction – *approximately 75% of time*

As a STEM Summer Camp Instructor, you'll lead groups of students in exciting, hands-on STEM activities, teaching them new concepts in a fun and interactive way. You'll have the opportunity to engage with campers in various activities, including experiments, engineering challenges, and more.

Camp Prep, Deconstruction, and Supervision – *approximately 25% of time*

Before and after each camp day, you'll help prepare and deconstruct materials for the day's activities, ensuring everything is ready for the next session. You'll also assist with camper supervision during lunch and outdoor time, support classroom management, and ensure a safe and enjoyable learning environment.

WE'RE LOOKING FOR SOMEONE WHO

- Is 18 years or older.
- Can handle multiple tasks promptly.
- Can work independently and as part of a team.
- Has a passion for STEM education and working with kids in grades 1-6.
- Is dependable, responsible, and adaptable in a dynamic camp setting.
- Has experience with hands-on learning or is eager to learn.
- Can effectively manage a classroom and encourage learning in a fun, engaging way.
- Is willing to ask questions, think critically and creatively to solve problems, acts quickly to prevent issues, and applies feedback.

EDUCATION AND EXPERIENCE

- No experience required. Training will be provided.
- Prior experience in education, camps, or working with children is preferred, but not required.
- Students pursuing an education degree or those who have completed an accredited program are encouraged to apply.

STEM SUMMER CAMP INSTRUCTOR

25-40HRS/WEEK

MORE DETAILS YOU'LL WANT TO KNOW

This position works with STEM Educators and reports to the Onsite and Offsite Education Directors. Other duties not covered in this application may be assigned during work but will not exceed reasonable STEM Summer Camp Instructor responsibilities. The starting wage for this position is \$17/hour. Camps run from the week of Memorial Day through August 15th, with camp hours from 7:45 AM to 5:15 PM. As a STEM Summer Camp Instructor, you'll be expected to work 25-40 hours per week. Camper drop-off starts at 7:45 AM, and the last pick-up is at 5:15 PM. The position requires availability to start by May 15th.

READY TO JOIN THE TEAM?

We'd love to hear from you! To apply, fill out and submit the online application.

We don't discriminate based on gender identity or expression, sexual orientation, race, religion, age, national origin, citizenship, disability, pregnancy status, veteran status, or other differences. Also, if you have a disability and there's a way we can make the interview process better, let us know (gscience@gscience.org w/ the subject line "Job Application Accommodations"). We're happy to accommodate.

If you have other questions, please let us know by emailing gscience@gscience.org.

Priority deadline for applications: March 28, 2025
